

Beaverdale Farmers Market vendor set up instructions

The first night of the 2022 Market is **Jun 7, 2022** . Please share with all drivers and If you are not vending until later in the season save these instructions.

ALL VENDORS. Enter the market area on 48th Street between Hickman and Franklin Avenue. Enter into the North parking lot of Franklin Junior High. Proceed through the lot to the check in area and you will be instructed where to set up your booth. Unload your vehicle and move it into the parking lot immediately, before setting up your booth area. To park your vehicle, exit the market area going south through the west parking lot onto Franklin, turn left onto Franklin and return to the 48th Street entrance you originally entered. Park in the extreme east and north spots in that parking lot. We want the closest parking to be available for your customers. Set up is 3-3:50. No vendors will be allowed to enter the market area with their vehicles after 3:50 and all vehicles will need to be parked by then.

Franklin Avenue is closed from Beaver to 44th Street due to construction. We will have signs directing our customers.
